

I was searching
You were on a mission
Then our hearts combined like
A Neutron Star Collision

I had nothing left to lose
You took your time to choose
Then we told each other with no trace of fear that

Our love would be forever
And if we died
We died together
And I
I said never
Cause our love would be forever

The world is broken
And halo's fail to glisten
We tried to make a difference but
No one wants to listen
Hail, the preachers fake and proud
Their doctrines will be cloud
Then they'll dissipate
Like snowflakes in an ocean

Love is forever
And we'll die
we'll die together
And I
I said never
Cause our love could be forever

Now, I've got nothing left to lose
You take your time to choose
I can tell you now without a trace of fear
That my love will be forever
And we'll die
we'll die together
And I
I will never
Cause our love
Will be forever
