Uuuh oooh uuuh oooh  
We're on the rocket

Baby baby, we're on the rocket  
Venus and Mars now, can't be apart now  
Baby baby, put me in your pocket  
We're on a mission, get in position

Put the plug in the socket, give me all your  
power  
When you turn it on I can go for hours  
Hit the switch, push the button, baby, then you'll  
see  
We can have it all, baby, you and me

Kiss the stars tonight  
You and me, oh, we will  
Write our name in lights  
They will see we're in love tonight

Love tonight, we're in love tonight  
Love tonight, love tonight  
We're in love tonight

Baby baby, we're on the rocket  
Wherever we land you'll be my spaceman  
Baby baby, we're supersonic  
Now we together will last forever

Put the plug in the socket, give me all your  
power  
When you turn it on I can go for hours  
Hit the switch, push the button, baby, then you'll  
see  
We can have it all, baby, you and me

Kiss the stars tonight  
You and me, oh, we will  
Write our name in lights  
They will see we're in love tonight

Love tonight, we're in love tonight  
Love tonight, love tonight  
We're in love tonight

Put the plug in the socket, give me all your  
power  
When you turn it on I can go for hours  
Hit the switch, push the button, baby, then you'll  
see  
We can have it all, baby, you and me
